

Energy Tracker

Request for Building Owner Authorization Release of Whole-Building Energy Usage Data

CenterPoint Energy releases energy use data according to company policies; aggregated, whole-building data will be released to third-party service providers or other non-owner requesters only if the building owner grants permission. In accordance with these policies, we require confirmation of your information as it relates to the energy use data request for each building.

The data requester and building owner must complete and sign this form. Return completed forms to energytracker@centerpointenergy.com. Once submitted, your request will be processed within 2 business days; you will be contacted with any questions at the phone number or email you provide below.

This request is for energy usage data for a building comprising the following service address(es):
